

PGP® ROTARY SPRINKLER

The world's best selling residential and light commercial rotor sets the standard for an entire industry

Meet the First Family of gear-driven plastic rotary sprinklers for residential and light commercial irrigation. First because they've outsold and outperformed all others in their class since we introduced the original model in 1981.

By choosing these exceptional Hunter products, you endow your property with one of its greatest assets: durable, trouble-free rotary sprinklers with precision-engineered nozzles for efficiency and consistently beautiful results. You'll get no brown spots near the head or anywhere else, with evenly distributed water at a rate your soil can absorb. The PGP® is driven by today's most advanced technology, including the industry's best gear mechanism to provide you with years of flawless service. For a landscape of quiet beauty—and your peace of mind—why settle for second best when you can have the sprinkler by which everything else is measured? Pick PGP.
